SOPHISTICATED DESIGN, LASTING PERFORMANCE

Urban Inline is a refined carpet tile crafted for contemporary interiors that demand both style and durability. With its sleek linear design and premium tufted loop pile construction, Urban Inline brings texture, depth, and elegance to commercial spaces.

The use of **100% Solution Dyed Nylon 6.0** ensures exceptional colour retention, stain resistance, and resilience, making it ideal for high-traffic environments. Urban Inline is manufactured in the UK and has sustainable commitment.

WHY CHOOSE URBAN INLINE?

ARCHITECTURAL ELEGANCE

A structured, linear aesthetic that enhances modern interiors

DURABILITY MEETS DESIGN

Tough enough for high-traffic areas without compromising on style

VERSATILE APPLICATION

Perfect for corporate offices, hospitality, and creative workspaces

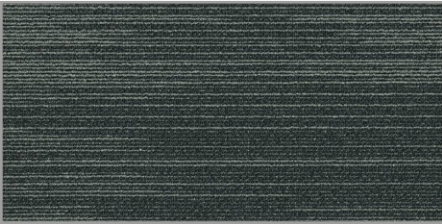

WE ARE COMMITTED TO BEING SUSTAINABLE

- ✓ Manufactured in the UK in an ISO9001 carbon neutral facility
- ✓ Compliant with REACH standards
- ✓ We offer a carpet tile take back scheme
- ✓ Backing made with 100% recycled calcium carbonate filler

We are really impressed with this carpet and we have now used it in a couple of areas, as you are aware. So far, we are happy with the quality and can confirm we have had very good feedback in terms of appearance.

I like the carpet very much and do plan to use this in other areas too going forward. Thank you for recommending as I am very pleased with it!
